The New Zealand CATERPILLAR EXPERIENCE

Tracking New Zealand's history

The New Zealand Caterpillar Experience is the only attraction of its kind in the world.

All ages enjoy this recreated journey through a slice of New Zealand's pioneering past.

Follow the fascinating stories of how the tough men and their brave families who, together with machinery, transformed this country's rugged landscape from the late 1800's through to today.

Captivating archival films and interpretation boards take you back in time as you relive this by-gone era.

An impressive private collection of over 30 refurbished antique Caterpillar® and other vintage vehicles are innovatively staged in native bush settings, showcasing their significant contribution to New Zealand's rural history.

**...NOT JUST
A LOAD OF
OLD BULL
DOZERS**

Experience how New Zealand was shaped, by man and by Caterpillar® machinery
